

Active Male™

High performance support. Sooner or later, all men are faced with working harder to stay in shape, maintaining the health of their prostate gland, and staying focused in stressful situations. Active Male™ is formulated with effective antioxidants - lycopene and selenium - along with Tribulus terrestris and Epimedium grandiflorum to help you keep up with the demands of your active lifestyle.*

Active Male also includes calcium to build and maintain bone density; L-Glutamine to sustain healthy muscle growth, and glucosamine to support cartilage and joints.*

- ▶ Supports an active lifestyle*
- ▶ Provides strong antioxidant protection*
