

### **AgelessXtra**

- The foundation product for your total body renewal which helps to keep your body at peak effectiveness.\*
- Contains super nutrients that drive maximum energy production. These include vitamin B3 and P5P (the activated form of B6); Ornithine alpha-ketoglutarate, (amino acids essential for maintaining muscle mass); and green tea (widely known for antioxidant properties).\*
- Contains Cordiceps Sinensis, a rare mushroom that is often called ‘the athlete’s herb’ for improving aerobic capacity, reducing fatigue, and aiding in recovery from physical exertion.\*
- The berry blend and other standardized botanicals contain numerous polyphenols which are believed to aid in the reduction of cell damage throughout the body and brain. Berries are also shown to have a positive impact on brain function.\*
- The proprietary Serenix<sup>™</sup> (extract derived from young corn leaves) and Rhodiola crenulata extract along with theanine from green tea are known for their calming effect. These herbs also have enormous potential as endurance enhancers to improve the efficiency of physical and mental work.\*
- Protectin<sup>™</sup>, winner of the 2005 Nutracon Award, gives serious aid to joints and muscles that just don’t work the way that they used to. Protectin derived from Scutellaria baicalensis and Acacia catechu is used to promote joint comfort and flexibility.\*
- Antioxidant protection for cells against free radicals comes from many of the varied ingredients. Just 1oz. of Xtra concentrate provides the antioxidant protection of more than 10 servings of fruit and vegetables.\*
- Available as a concentrate in 30 oz. bottle or travel packets (1oz). Also available in ready to drink Minis (3.3oz)
