

### **Aloe Gold**

- Guaranteed for purity and biological activity.
- Contains biologically active ACTIValoe a standardized 200:1 Aloe concentration from the Aloe leaf inner gel fillet.
- Guarantees 50,000-100,000 molecular weight polysaccharides which are the biologically active compounds responsible for many of Aloe's beneficial effects.
- Has restorative qualities that cleanse the gastrointestinal tract.\*
- Supports optimal immune function. Aloe vera has been shown to activate critical components of the immune system and reduce oxidative stress, providing optimal immune function.\*
- Helps to promote beautiful skin. Aloe vera may help strengthen connective tissue by supporting collagen production.\*
- Helps balance beneficial flora in your GI tract. Contain Fructo-oligosaccharrides(FOS), that helps to do this.\*
- Contains green tea extract that helps support and promote healthy digestion.\*
- Aloe vera has been shown to help your body absorb vitamins and nutrients; so the supplements you take go where they are needed.\*
- Assists with elimination and detoxification.\*
- Supports normal liver function.\*
- Available in 30oz. bottles or 1oz. travel packets
